

In the Claims:

Please enter the following listing of claims:

1.-12. (Cancelled).

13. (Currently Amended) A shelving unit disposed about a sump pump, comprising:

at least two screening members, wherein at least one of said at least two screening members is an existing wall; and

at least one removable shelf, wherein the screening members and said at least one shelf are configured to enclose an area including said sump pump and wherein said at least one removable shelf is horizontally supported through frictional engagement with one of the at least two screening members and said existing wall.

14. (Cancelled).

15. (Previously Amended) The unit of claim 13, wherein said at least two screening members are planar.

16. (Previously Amended) The unit of claim 13, wherein said at least two screening members comprise drywall.

17.-20. (Cancelled).
